Call for Papers

The International Conference on AI and Sustainability Advances (ICASA 2026) will take place at the University of East London, UK, from 3–5 June 2026. ICASA 2026 brings together researchers, practitioners, and industry experts to explore AI-driven innovations that address global sustainability challenges.

High-quality original papers (10–12 pages) are invited across six thematic tracks. Accepted papers invited for oral presentation and presented at the conference will be published in the Lecture Notes in Networks and Systems (LNNS) series by Springer (indexed in Scopus, EI Compendex, INSPEC, WTI Frankfurt eG, zbMATH, SCImago, and submitted to Web of Science). Selected extended papers will be considered for journal special issues.

For further details on workshops, paper submission and registration, please visit the conference website: www.icasa-conf.co.uk
